

| Tuakiritanga                                                 | 1.4 Uara, cultural identity and bicultural citizenship for all ākonga                                                                                                                                                                                                   |
|--------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Strategic Goal</b>                                        | All ākonga will grow in their understanding of the college Uara, Tikanga Māori, te reo Māori, Aotearoa history and their own cultural identity as a citizen of Aotearoa/NZ                                                                                              |
| <b>Desired outcome</b>                                       | To create an induction programme for Y9 students that explicitly teaches key facets of who we are, e.g. Our Te Whānua Tahi Values, College song, College Haka, What our Marae means to us, Restorative practice, Rock and Water programme to help with self-regulation. |
| <b>Current status</b>                                        | L2- Reviewing and strengthening current practice which is not achieving the desired outcome                                                                                                                                                                             |
| <b>Description of current state/current performance data</b> |                                                                                                                                                                                                                                                                         |
| <b>Consultation process</b>                                  |                                                                                                                                                                                                                                                                         |
| <b>Target groups</b>                                         |                                                                                                                                                                                                                                                                         |
| <b>Outcome targets</b>                                       |                                                                                                                                                                                                                                                                         |
