

4.Tukunga 4.1 Monitoring and evaluation	
	First draft Nov 2023 Plan signoff :
Strategic Goal	To develop and maintain a comprehensive longitudinal database to drive continuous improvement across all elements of the strategic plan
Desired outcome	• Appropriate standardised systems and formats are developed to evaluate current state and progress. This will include both quantitative and qualitative data. • Progress will be able to be evaluated consistently over time for both internal school analysis and external national benchmarking.
Current status	L1 Addressing comprehensively for the first time since 2017
Description of current state/current performance data	While we have access to a plethora of data through KAMAR...
National comparison data
